Patient Care & Governance:	Rapid Response Team, Code Blue Leadership, SBAR Interdisciplinary Handoff, Fall Prevention, Wound VAC

CLINICAL NURSING EXPERIENCE

Critical Care Registered Nurse (CCRN / ICU)

20____ - Present

REGIONAL MEDICAL CENTER (LEVEL 1 TRAUMA) - City, State

- Delivered comprehensive 1:1 and 1:2 intensive nursing care for critically ill patients recovering from cardiac arrest, sepsis, and multiorgan failure.
- Managed advanced hemodynamic lines, invasive arterial blood pressure monitoring, and ventilator settings in collaboration with intensivists.
- Served as Charge Nurse for 24-bed ICU pod, delegating clinical patient assignments and coordinating emergency room admissions.
- Maintained 100% adherence to CLABSI and CAUTI bundles, contributing to zero central line-associated infections over 18 consecutive months.

Emergency Department Staff Nurse (RN)

20____ - 20____

UNIVERSITY HEALTHCARE SYSTEM - City, State

- Performed triage assessments (ESI Level 1-5) for high-volume emergency department averaging 180+ daily patient visits.
- Initiated cardiac monitoring, intravenous access, trauma stabilization, and rapid medication administration under tight timeframes.
- Instructed patients and families on complex discharge care plans, medication compliance, and outpatient warning signs.

Telemetry & Medical-Surgical Staff Nurse

20____ - 20____

COMMUNITY MEMORIAL HOSPITAL - City, State

- Monitored telemetry cardiac rhythms for 4-5 acute med-surg patients per shift, immediately identifying dysrhythmias and notifying physicians.
- Administered oral, subcutaneous, and IV push medications with 100% medication administration record (MAR) accuracy.
